steph lives well

A HOLISTIC APPROACH TO LIFE

PROCESS

Step 1

Select your Shoes and send your selected style number by Email.

If you are not an exiting buyer you can decide to introduce first. However you may directly go to "Stock List" and search the shoes of your choice. In the next stage of choosing the Freight options (FOB or CIF) calculations. You are also able to view the costing in multiple currencies., we will provide you with final confirmation of availability of the shoes by email together with the PROFORMA INVOICE and treat your ordered shoes as "Hold" so no other person can book the same.

Continued...

Step 2

Re-confirm your order and send payment within 72 hours

Once you have received our Invoice, you will need to re-confirm the order by filling in your signature and send it back to us by fax or email. You are then required to pay 100% of valued Invoice amount within 72 hours by T/T or you may choose to open Letter of Credit. Once you have done sent the payment, you may notify us. Kindly note, if the payment takes longer than 72 hours, please inform us by e-mail, fax or call.

Step 3

Wait for shipping procedures to be completed

We will make all the shipping arrangements and inform you of the shipping schedule if your purchase was based on CNF or CIF value. However if you had purchased based on FOB Sea, you may notify us about your shipping arrangements. After the vessel leaves from Bangladesh port, we will send you a copy of B/L by e-mail as a proof of the shipment and will courier the original set of B/L together with the Invoice by DHL or EMS service. As soon as the vessel arrives at your port, you can pick up your shoes. Note: After you have received your shoe(s) at your port, please follow the import regulations specified by your country.

Espadrille

For spring summer collection the outcome are the most exciting, luxurious styles of haute couture shoes. The new line combines the soft calf and cow leathers treated with the method of slow tanning with pure aniline perforated or processed with creams and waxes,

SHIPPING

Container loading shipment involves great effort and diligence and also requires know-how and experience. We have extensive stuffing experience of many years and you can be sure that your shoes will be shipped securely, cost-effectively and in safe environment.

We have also acquired the most cost-competitive rates due to our bulk shipments on regular basis. Below is an idea of container load shipment. Usually we manage to stuff 500 to 700 cartons in a single 20ft container, which also depends on the type of carton sizes/dimensions. However if all cartons are of larger sizes, we may be stuffing only 500 carton (3000 pair) in a 20ft container.

FEAT BACCET

Feather Glory creates a wide range of leather products according to the same high quality standards. Production takes place through ancient methods that have been enhanced and improved by technological evolution, but keep those manual phases impossible to perform with the machine that retain the characteristics of high quality hand craftsmanship. The core products are shoes for man and woman, slippers and sandals extended to all the accessories made in leather as belts, small leather goods, bags, luggage's, , gloves... to reach the total Collections.

SANDAL

The high quality of leather allows the foot to breathe and the special lining and sole materials, treated only with stitching, keep the foot fresh and dry. The comfort of the shoe is derived from a soft, generous front part, a reinforced tip that gives shape and body, and a moderate stiffness at the arch and heel to absorb shock and body weight.
